

## OUR ADOPTION POLICY

### Thank You For Considering To Adopt A **STAR**!

The decision to adopt is an important one that we take seriously. Please take time to read and **carefully** complete the adoption application. Please include full explanations with as much information as possible. In order to adopt a pet, you must be at least 25 years old, be able to provide references and one form of government issued identification, consent to a home visit, pay the adoption fee (tax deductible) and agree to all terms and conditions of the adoption contract. The STAR Project reserves the right to deny any application for any reason. Thank you for your patience and cooperation.

Upon approval, you will then have the option to choose a STAR Project dog, sign our adoption agreement and pay the tax deductible adoption fee. The adoption fee is \$225. This covers vetting, spay/neuter (if over 6 months), transportation, collar, leash and The STAR Project adoption package. Your adoption fee allows us to save another life, we do not make a profit with this fee.

It typically takes at least 7-10 days to process your application. If you haven't heard from us after 7 days, please contact us. Please note all applications are processed in the order in which they are received.
